

Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 28 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Mild with rain at times over the next few days.

This Evening and Tonight:

It will be a largely dry evening with some clearer spells developing. This will give a chilly start to the night, before temperatures rise again later ahead of band of cloud and rain which will reach the southwest by dawn. Minimum temperature 1 deg C (34 deg F).

Wednesday:

Rain will quickly spread to all areas, turning heavy and persistent at times. The rain will be accompanied by strong winds, before brighter and drier weather develops during the afternoon. Maximum temperature 14 deg C (57 deg F).

Outlook for Thursday to Saturday:

Mostly cloudy with rain at times on Thursday. Brighter on New Year's Eve and New Year's Day but some showers possible at times. Often windy but staying unseasonably mild.
